

## Baltic Metabolic Meeting 2015 Programme

**Dorpat Conference Centre, Tartu, Estonia  
May 13-14, 2015**

### May 13

11:00-12:00	Registration and welcome coffee
12:00-12:45	Dr. Leo Kluijtmans: "Next generation metabolomics" (Nijmegen, The Netherlands)
12:45-13:15	Prof. Katrin Õunap: „Where we are after one year newborn screening pilot study?“ (Tartu, Estonia)
13:15-13:45	Dr. I. Micule, Dr. Z. Krumina: “From clinical symptoms to diagnosis of metabolic diseases” (Riga, Latvia)
13:45-14:00	Dr. Eve Õiglane-Shlik, Dr. Kairit Joost: “DARS2 gene defect: Two case reports with different clinical presentation” (Tartu and Tallinn, Estonia)
14:00-15:00	Lunch
15:00-15:20	Dr. Karit Reinson. „Two sibs with progressive epileptic encephalopathy and severe developmental delay caused by novel compound heterozygous mutations in the CACNA1A gene” (Tallinn, Estonia)
15:20-15:40	Dr. Jurgita Songailiene „ Laboratory findings in mucopolidosis type II (I-cell disease)“ (Vilnius, Lithuania)
15:40-16:00	Dr. Kairit Joost: „Case report: adult onset Pompe disease” (Tallinn, Estonia)
16:00-16:20	Dr. Birute Burnyte: “Early diagnosis of mevalonate kinase deficiency and efficacy of anakinra” (Vilnius, Lithuania)
16:20-17:00	Two case reports by abstracts
17:00-17:30	Baltic Metabolic Group Meeting

### May 14

9:15-09:55	Prof. Daniela Karall: "Mitochondrial disorders (MitoNET Network)" (Austria)
09:55-10:35	Dr. Sabine Scholl-Burgi: "Ketogenic diets in inborn disorders of metabolism" (Austria)
10:35-11:15	Prof. A. Kohlschütter: “Experimental and palliative treatment of CLN2 disease” (Germany)
11:15-12:15	Unknown cases
